### Legislative.

In the House, on Monday evening, Mr. Doremus introduced a supplement to the Millburn and Caldwell Railroad, changing its name to the New Jersey and New England Railroad Co. Authority is granted to consolidate with a corporation in Rockland Co., N. Y., so as to form a continuous line to the Hudson near Fort Clinton.

Mr. Henry introduced a bill to set off Franklin township from Belleville. The new township is to embrace about half the present territory of Belleville.

A communication was received from the New Jersey Editorial Association in regard to the unnecessary publication of the laws in so many papers as being too expensive and uncalled for. It was referred to the Printing Committee.

A bill was introduced to incorporate the village of Irvington.

A bill amendatory of the game laws provides for the protection of fowls and fish of all descriptions.

On Tuesday The Printing Committee held a meeting and discussed a resolution providing that the public laws be advertised only in papers having a certain standard of circulation, and not in "patent outsiders" or simple advertising sheets; the private acts to be advertised in the counties to which they refer, the papers therein to be selected by the Board of Freeholders.

Mr. Halsey offered a remonstrance, largely signed by residents of Bloomfield, against the local option bill. It represents that the laws now existing and regulating the sale of liquor are satisfactory to the inhabitants of the place.

Mr. Morrow introduced a supplement to Montclair township act which repeals the entire supplement passed last year.

February 19th is the limit fixed for the reception of private bills.

On Tuesday, the bill relative to bonding Kearney township coming up on its second reading, Mr. Kirk offered a remonstrance against it, which was read. On motion of Mr. Morrow the bill was laid over for one week.

A supplement to provide for the collection of unpaid taxes in Westfield, in the county of Union, makes additional provision in consequence of the death of Philemon E. Cox, late Collector of the township of Westfield.

A supplement to the township of Linden, in the Union county, requires the owners in certain Districts, to remove ice and snow from the sidewalks in front of their residence, within four hours after the storm, and if they fail that the overseers of the roads shall remove the same at the cost of owners.

Mr. Halsey introduced a bill to incorporate the Bloomfield Water Company. The incorporators are Jacob F. Randolph, John N. Van Liew and Willard Richards, with a capital stock of \$25,000, and to increase the same to \$100,000.

In the Senate, Tuesday, petitions were received against the taxing of church and benevolent property.

A bill was also introduced to prevent the defacement of natural scenery on the Palisades of the Hudson by signs and advertisements.

Sleeping-cars are a novelty in Europe, although Mr. Pullman is about to introduce them on certain English railways. The Italian railways connecting Turin with Venice, Bologna, and Florence have just introduced cars with sleeping compartments, which are fitted up with dressing-tables, washstands, and other conveniences. But one person, however, can occupy each compartment, and hence in a dozen persons can be provided with beds. Pullman evidently has a great mission to execute in Europe by acquainting the people with the luxuries of American sleeping-cars.

A beautiful Southerner called upon Sherman recently to obtain some evidence from him concerning a cotton claim she is prosecuting. "How many children have you, madam?" demanded the General. "I have nine," she replied. "Then," answered the General, decisively, "you had better stop hunting up cotton, and go to Grant and tell him I say to pension you. Any woman who has had nine children and looks as young and handsome as you do deserves a pension."

A young man in Indiana sued his father for loaned money, which the father claims was his own property. The latter's counsel, in summing up the case of his client, remarked: "Twice has the prodigal returned to his father's house; twice has he been received with open arms; twice for him has the fatted calf been killed; and now he comes back and wants the old cow."

On Thursday last a freight train on the Jersey Central Railroad dashed into a passenger train near Claremont, the latter having been signalled to stop at a way station, and a dense fog which prevailed at the time prevented the driver of the freight train from seeing the signals. Two brakemen were seriously injured, but the passengers mostly escaped without injury, being fortunately warned in time to rush into the forward cars.

Florida papers say: "We have seen an *eucalyptus* sent from Washington. It is a small stalk, about one-quarter of an inch in diameter, having a light green bark and a pointed, elliptical leaf, about one and a half inches in length, and three fourths of an inch in width. The leaf is of a deep green color so as to make beautiful foliage where abundant, and when rubbed between the fingers, but not otherwise, we observe in this specimens, it emits a pleasant aroma."

A young Japanese gymnast, known abroad as "King Sarbro," is to appear in the Grand Opera House, New York, next Monday. He will first attempt to walk up a rope stretched from the stage to the very dome of the theatre and then descend backward with great velocity, sliding on his feet while standing erect! For this and one or two other sensational acts in Humpty Dumpty Abroad he is to receive \$1,000 a week.

Madame E. Parpa-Rosa died at London on the 22d inst. She was born in 1839, was twice married, and her celebrity as a singer was hardly second to that of Jenny Lind. She was the daughter of a Wallachian nobleman, and her mother was a prima donna of considerable reputation.

It is reported that Mr. Robert Bonner, of the New York *Ledger*, is negotiating for the purchase of a farm near Montclair, for \$18,000, a portion of which he proposes to use as a trotting course.

The carpenters in the ship-yards at Camden, N. J., have struck, owing to a reduction of wages, and it is estimated that the number of men standing out is 2,000.

### Legal Advertisements.

**SHERIFF'S SALE, ESSEX COUNTY CIRCUIT COURT.** Peter Condit vs. Joseph P. Halsey, builder. Charles W. Powers, Jr., owner. Pl. Fa. &c. Build-er's Lien.

BLOOMFIELD, N. J.

**Geo. P. Rowell & Co.**

conduct an Agency for the reception of advertisements for American NEWSPAPERS—the most complete establishment of the kind in the world. Six thousand NEWSPAPERS are kept regularly on file, open to inspection by reading rooms. No reading room, however complete, receives one-twentieth of this number. Every Advertiser is taken at the home price of the paper, without any additional charge or commission so that an advertiser, in dealing with the agency, is saved trouble and correspondence, making one contract instead of a dozen, a hundred or a thousand. A Book of eighty pages, containing lists of the best papers, largest circulations, religious, agricultural, class, political, daily and country papers, also magazines, and all publications which are specially valuable to advertisers, with some information about prices, is sent FREE to any address on application. Persons at a distance wishing to make contracts for advertising in any town, city, county, State or Territory of the United States, or any portion of the Dominion of Canada, may send a concise statement of what they want, together with a copy of the Advertisements they desire inserted, and will receive information by return mail which will enable them to decide whether to increase, reduce or forego the order. For such information there is no charge whatever. Publishers not only send their files free, but pay Messrs. Geo. P. Rowell & Co. for their services. Orders are accepted for a single paper as well as for a larger list; for a single day or as readily as for a larger sum. Address the American Newspaper Advertising Agency.

## DEVOS'S BRILLIANT OIL

In Cans With Patent Faucets.

**PERFECTLY SAFE.**

The Finest Illuminating Oil in the World.

Certificate of R. ODGEN DOREMUS,  
Professor of Chemistry, College of City of New York, and Bellevue Hospital.  
"Your method of arranging packages, so secured that the purchaser may rely on obtaining it unadulterated, and as though received from your hands, cannot be too highly commended. The community have long needed the protection you thus offer, and I have no doubt it will be appreciated."  
The leading officers of all Fire Insurance Companies, having examined the Sealed Can in which the Oil is placed by the Manufacturers, do hereby RECOMMEND THIS OIL to all having need for such an Illuminator, and believe that the result will be a saving of life and a diminution in the number of fires from Kerosene Lamp explosions, as to make all companies, more readily insure premises where this Oil is used for lighting.

**Devoe Manufacturing Co.**
